

The Anivac range...

EcoWash-n-Vac 7 Litre System

- Wash system and powerful dry vac all in one!
- Cleans approximately one average sized horse or 4-5 average sized dogs per filling
- Portable for taking to shows, clients homes etc
- Compact design fits anywhere
- Tremendous water savings
- 3.5m long hose for easy reach

ProHeat 50 Litre System

- Cleans approximately 4-6 average sized horses per filling
- Portable for taking to shows, clients homes etc
- In-line water heater warms water as it is used – no need to wait for entire tank to heat up!
- Easy drain system makes emptying dirty water a snap
- Optional horse blanket and carpet cleaning kit available
- 7m hose for extended reach
- Separately controlled twin vacuum motors for superior suction

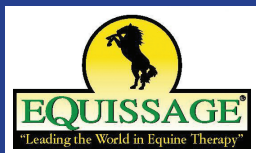

Olympic Central System

- Ties directly into the stables water and drain systems
- Never has to be filled or emptied
- Runs virtually silently
- Put drops throughout your stable – simply reach for a hose when you want to clean a horse
- Also functions as a dry vacuum
- Optional floor and stall cleaning kit available
- Optional horse blanket and carpet cleaning kit available
